## Education

|                                                                         |                                                                                    |
|-------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| <u>Master of Business Administration</u>                                | <u>Bachelor of Commerce</u>                                                        |
| Gujarat Technological University   2015 – 2017                          | Veer Narmad South Gujarat University   2012 – 2015                                 |
| Specialization: Finance                                                 | Specialization: Statistical Methods                                                |
| Focus Areas: Strategic Management, Business Analytics, Decision Science | Focus Areas: Financial Accounting, Cost Accounting, Business Economics, Statistics |

## Professional Experience

### **Viswaat Chemicals Limited, Gujarat** **Costing Executive | Feb 2026 – Present**

- **BOM vs Actual Consumption Analysis:** Compared planned vs actual usage to identify variances and control material cost
- **Process & Activity-Based Costing:** Set up costing based on production processes and activities for accurate cost allocation
- **Factory Expenses Monitoring:** Tracked and controlled overheads by defining proper cost drivers
- **Inventory Control:** Managed inventory through aging analysis and physical vs book stock reconciliation
- **Chemical Costing:** Gained strong understanding of chemical manufacturing processes and cost structure
- **SAP ERP Implementation:** Worked on setup of BOM, cost centers, and standard costing

### **Chain N Chains Pvt. Ltd., Mumbai** **Finance & Costing Analyst | Dec 2023 – Feb-2026**

- Implemented an ERP system and led a 15-member cross-functional team.
- Streamlined WIP reporting processes, achieving 20% reduction in cycle time and improving operational efficiency
- Developed comprehensive flash reports providing real-time financial insights for executive decision-making
- Reduced manufacturing costs by 15% through strategic inventory aging analysis and waste minimization initiatives
- Implemented standard costing model enabling accurate cost tracking and variance analysis across all departments
- Created automated dashboards in Power BI for real-time cost monitoring and KPI tracking

### **Glamour Jewellers FZCO, Dubai** **Costing Executive | Apr 2023 – Oct 2023**

- Contributed to annual budgeting and quarterly forecasting processes for new collection launches
- Conducted detailed labor and overhead cost analysis to optimize pricing strategies and improve margins
- Streamlined costing workflows for custom orders and bulk production, reducing processing time by 25%
- Performed SKU-level costing analysis supporting price structuring and margin enhancement initiatives

### **Uday Fashion, Surat** **Junior Costing Executive | Apr 2018 – Mar 2021**

- Collaborated with production and procurement teams to analyze cost drivers and identify waste reduction opportunities
- Managed inventory cost control processes and prepared monthly reconciliation reports
- Contributed to month-end close activities and financial statement preparation

### **Jewelex India, Surat** **Costing Executive | Apr 2021 – Mar 2023**

- Supported implementation of standard cost system and prepared monthly variance reports for management review
  - Participated in Lean Six Sigma initiatives resulting in 12% improvement in process efficiency
  - Assisted in annual budgeting process and ensured compliance with financial reporting standards
- Developed cost allocation models for accurate departmental expense tracking

## Professional Certifications

|                                                                                                                                                 |                                                                                                    |
